E.A.A.

NEXT MEETING: Wednesday, October 28 - 7:30 P.M. in the Buchanan Field Terminal Building. This is election night for new officers so be sure to come and bring a folding chair. We will also show a film on the effects of high altitude and temperature on light aircraft performance.

ELECTIONS: A ballot for election of new officers for 1982-83 is included in this newsletter. Ballots will also be available at the meeting if you forget to bring yours. We have left vacant spaces on the ballot for write-in candidates. As mentioned previously, the top vote getter in each position will be the officer for that position, and the second place vote getter will be the alternate to act for the officer in his or her absence.

CATALOG OF CHAPTER SKILLS: The enclosed questionnaire is intended to catalog skills and equipment available in the chapter. Those of you who have started aircraft building know how valuable this information can be. Please complete and mail in.

FOR SALE: A first run-out 180 HP Lycoming engine (O-360-A4M) will be available at Navajo Aviation. If interested, please see Arnold Peterson at Navajo.

MINUTES FOR SEPTEMBER 1981

Meeting was open at 7:30 by Carlos Ampoker.
Carlos had all new members and guests introduce themselves.

The minutes and treasury report were approved
Carlos reported that the chapter's Woody Pusher is ready to fly, the only thing left is to get insurance.

Programs- October are the Chapter Elections, November a rep. from the Calif. Aviation Council will speak, and December is the Christmas Dinner at the Concord Naval Weapons Station.

John McCombs reported on some new A.D.s and other safety info that had come to him.

We need input for the Chapter's Annual Stan Markey Award, please see Carlos.

Randy Alley ran down the list of nominations for the chapter elections.

Introductions of members were held followed by a coffee break (Thanks Louie)

Lyle Powell and Rob Cook talked about their two projects, the Glasair and the Q-2.
